Instructions

Resources

- Copies of the game board;
- Different colored counters for each player;
- 6 sided dice; and
- Spell It cards.

Steps

1. This game is suitable for 2 - 4 players.
2. Print the game boards. To reuse the boards, laminate them, or put them in a plastic sleeve or a dry erase pocket.
3. Print and cut out the Spell It cards. Place the cards with the words facing down on the game board in the space that says: Spell It Cards
4. Each student places their counter on the Start square.
5. Players take it in turns to roll the dice. Move the counter forward the number of spaces shown on the dice.
6. If a student lands on a Spell It square, the student to the left picks up a Spell It card and reads the word to the student.
7. The player needs to spell the word orally. If the player spells the word correctly, they stay on the square.
8. If the player misspells the word, they move back to where they were and the player on the left then tells them the correct spelling.
9. If a player lands on a Roll Again square, they get another go. If a player lands on a Go Back square, they go back the number of spaces it says.
10. The first person to reach the end is the winner.
